Introduction

About

Superior HealthPlan is a Managed Care Organization (MCO) that offers health care for Texans enrolled in the STAR program. Superior works with the Texas Health and Human Services Commission (HHSC) and with many doctors, clinics and hospitals to give you/your child the care you need.

You/your child will get your health care from doctors, hospitals and clinics that are in Superior's network of providers. You/your child can get regular checkups, sick visits, well care and specialty care from a Superior STAR provider when you need it. Superior has providers for you when your doctor or Primary Care Provider (PCP) sends you to a hospital, lab or specialist.

You must use a Superior provider to get health services.

You will get a Superior Member ID card. It will have your PCP's name and office phone number. Carry this ID card and your Medicaid ID card with you all the time. Show both the Superior Member ID card and Medicaid ID card to your doctor so they know you are covered by Superior's STAR program.

If you do not understand the member handbook or need help reading it, call Superior Member Services. We can tell you how to use our services and will answer your questions. You can get this handbook in audio, large print, braille, CD or in other language formats if you need it.

To learn more, call Superior Member Services at 1-800-783-5386.

Remember:

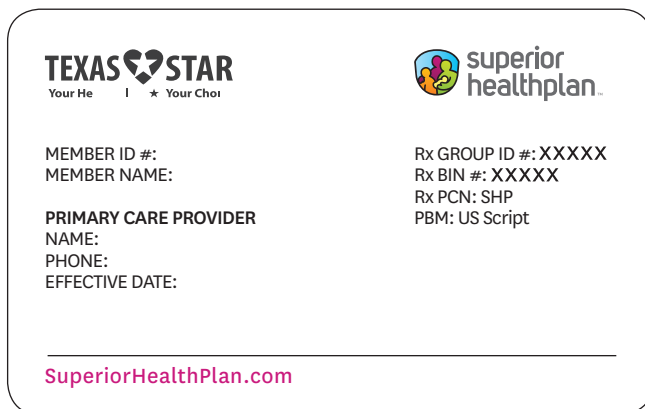

- Carry your Medicaid ID card and Superior ID card with you at all times.
- Call your doctor first if you have a medical problem that is not life threatening or call Superior's 24-hour nurse advice line, at 1-800-783-5386.
- If you cannot get your doctor, call Superior at 1-800-783-5386.
- We are here to help you 24 hours a day, 7 days a week.

Thank you for choosing Superior HealthPlan!

Introduction

Your Superior Member ID Card

You should receive your/your child's Superior HealthPlan Member ID card in the mail as soon as you are enrolled with Superior. Here's what the front and back of the Superior Member ID card looks like. If you did not get this card, please call Superior at 1-800-783-5386.

Always carry your/your child's Superior Member ID card with you and show it to the doctor, clinic or hospital to get the care you need. They will need the facts on the card to know that you are a Superior member. Do not let anyone else use your Superior Member ID card.

Your Superior Member ID card is in English and Spanish, and has:

- Member's name.
- Member's ID number.
- Doctor's name and phone number.
- 24 hour a day/7 day a week toll-free number for Superior Member Services.
- 24 hour a day/7 day a week toll-free number for behavioral health services.
- Directions on what to do in an emergency.
- If you lose your Superior ID card, change your name or need to pick a new doctor or PCP, call Superior at 1-800-783-5386. You will get a new ID card.

The Texas Health and Human Services Commission (HHSC) will send you your Medicaid ID card. You can learn more about this ID card on the next page.

Medicaid

Your Texas Benefits Medicaid Card

When you are approved for Medicaid, you will get a Your Texas Benefits Medicaid card. This card will be your everyday Medicaid ID card. You should carry and protect it just like your driver's license or a credit card. The card has a magnetic strip that holds your Medicaid ID number. Your doctor can use the card to find out if you have Medicaid benefits when you go for a visit.

You will only be issued one card, and will only receive a new card in the event of the card being lost or stolen. If your Medicaid ID card is lost or stolen, you can get a new one by calling toll-free 1-855-827-3748.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1-800-252-8263. You can also call 2-1-1. First pick a language and then pick option 2.

Your health history is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don't want your doctors to see your health history through the secure online network, call toll-free at 1-800-252-8263.

The Your Texas Benefits Medicaid card has these facts printed on the front:

- Your/your child's name and Medicaid ID number.
- The date the card was sent to you.
- The name of the Medicaid program you're in if you get:
 - Medicare (QMB, MQMB)
 - Texas Women's health Program (TWHP)
 - Hospice
 - STAR Health
 - Emergency Medicaid, or
 - Presumptive Eligibility for Pregnant Women (PE).
- Facts your drug store will need to bill Medicaid.
- The name of your doctor and drug store if you're in the Medicaid Lock-In Program.

The back of the Your Texas Benefits Medicaid card has a website you can visit, www.YourTexasBenefits.com, and a phone number you can call, 1-800-252-8263, if you have questions about the new card.

If you forget your/your child's card, your doctor, dentist or drug store can use the phone or the Internet to make sure you get Medicaid benefits.

If you lose the Your Texas Benefits Medicaid card or it is stolen, you can get a new one by calling toll-free at 1-855-827-3748. They will provide you with a temporary verification form – Form 1027-A. You can use this form until you receive another card.

Medicaid

Medicaid and Private Insurance

What if I have other insurance in addition to Medicaid?

You are required to tell Medicaid staff about any private health insurance you/your child has. You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled.
- You get new insurance coverage.
- You have general questions about third party insurance.

You can call the hotline toll-free at 1-800-846-7307. If you/your child has other insurance you may still qualify for Medicaid. When you tell Medicaid staff about other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

Important: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

How do I renew my/my child's Medicaid coverage? What do I have to do if I need help with completing my renewal application?

To renew your Medicaid coverage, look for an envelope marked "time sensitive" from the Texas Health and Human Services Commission (HHSC). It will include a letter. You will get this 3 to 4 months before your benefits end.

You will need to sign a renewal form. You may also be asked to provide more information. The easiest way to do this or to sign the renewal form is to go to www.YourTexasBenefits.com. If you don't take any action by the due date listed in the letter, your benefits might end.

Call Superior Member Services at 1-800-783-5386 if you have questions about renewing your Medicaid benefits.

What happens if I lose my/my child's Medicaid coverage?

If you lose Medicaid coverage but get it back again within six (6) months, you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same Primary Care Provider (PCP) you had before.

What is the Medicaid Lock-in Program?

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-In status.

To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store at one location to use all the time.
- Be sure your main doctor, main dentist or the specialists they refer you to are the only doctors that give you prescriptions.
- Do not get the same type of medicine from different doctors.

To learn more call 1-800-436-6184, option 8.

Accessing Care - Primary Care Providers

What is a Primary Care Provider (PCP)?

When you signed up with Superior, you picked a doctor from our list of providers to be your/your child's PCP. This person will:

- Make sure that you/your child gets the right care.
- Give you/your child regular checkups.
- Write prescriptions for medicines and supplies when you/your child are sick.
- Tell you if you/your child needs to see a specialist.

Can a specialist be my/my child's PCP?

Superior will allow specialists to act as a PCP for members who have a special health-care need. Specialists must be approved by Superior before they can be your PCP. Tell your specialist if you would like them to be your PCP or call Member Services at 1-800-783-5386 to ask for help.

If you are a woman, you may pick an obstetrician (OB) or gynecologist (GYN) as your PCP. Call Superior at 1-800-783-5386 to find an OB/GYN provider that is also a PCP. You will need to pick a PCP for each eligible family member. You can pick from:

- Pediatricians (they only see children)
- General/family practice (they see all ages)
- Internal medicine (they usually see adults)
- OB/GYNs (they see women)
- Federally Qualified Health Centers/Rural Health Clinics

Can a clinic be my PCP? (RHC/FQHC)

Yes! Superior lets you pick a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) as your/your child's PCP. If you have any questions, call Superior at 1-800-783-5386.

What if I choose to go to another doctor who is not my/my child's PCP?

Your PCP is your/your child's doctor and they have the job of taking care of you/your child. They keep your medical records, know what medications you/your child are taking and are the best people to make sure you are getting the care you need. This is why it is very important that you stay with the same doctor.

Remember: If you go to a doctor that is not signed up as a Superior provider, Superior will not pay that doctor and you will get billed for the services.

How can I change my/my child's PCP?

If you are not happy with your doctor, talk to them. If you are still not happy, call Superior at 1-800-783-5386. We can help you pick a new doctor. You might change your doctor because:

- The office is too far from your home.
- There is a long waiting time in the office.
- You can't talk to your doctor after-hours.

Accessing Care - Primary Care Providers

When will a PCP change become effective?

Once you have changed your/your child's doctor, you will get a new Superior Member ID card with their name and office phone number. This change will be effective the month after you ask. Sometimes, depending on the circumstances, we may be able to change your doctor right away.

How many times can I change my/my child's PCP?

There is no limit on how many times you can change your or your child's PCP. You can change PCPs by calling us toll-free at 1-800-783-5386 or writing to:

Superior HealthPlan
Attn: Member Services
Forum II Building
7990 IH-10 West, Suite 300
San Antonio, Texas 78230

Are there any reasons why my request to change a PCP may be denied?

If you ask to change your doctor, it can be denied because:

- Your new doctor will not take more patients.
- Your new doctor is not a Superior PCP.

Can my/my child's PCP move me/my child to another PCP for non-compliance?

Yes. If your doctor feels that you are not following their medical advice or if you miss a lot of your appointments, your doctor can ask that you go to another doctor. Your doctor will send you a letter telling you that you need to find another doctor. If this happens, call Superior at 1-800-783-5386. We will help you find a new doctor.

What if my/my child's doctor leaves the network of Superior providers?

If your doctor decides he/she no longer wants to participate in the network of Superior providers, and that doctor is treating you for an illness, Superior will work with your doctor to keep caring for you until your medical records can be transferred to a new doctor in the Superior network of providers.

If your doctor leaves your area, call Superior at 1-800-783-5386 and we will help you pick another doctor close to you. You will also get a letter from Superior telling you when your doctor's last day as a Superior network provider will be and asking you to call Superior so we can help you pick a new doctor.

Where can I find a list of Superior providers?

The Superior HealthPlan provider directory is a list of **Medicaid** PCPs, physicians, hospitals, drug stores and other health-care providers that are available to you. You may find this list at SuperiorHealthPlan.com. Just click on "Find a Doctor." If you need assistance, call Superior at 1-800-783-5386.

What is a physician incentive plan?

A physician incentive plan rewards doctors for treatments that reduce or limit services for people covered by Medicaid. Superior cannot make payments under a physician incentive plan if the payments are designed to induce providers to reduce or limit Medically Necessary Covered Services to members. Right now, Superior does not have a physician incentive plan.

Accessing Specialty Care

What if I/my child needs to see a special doctor (specialist)?

Your doctor might want you/your child to see a special doctor (specialist) for certain health-care needs. While you/your child's doctor can take care of most of your health-care needs, sometimes they will want you/your child to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. Superior has many specialists who will work with you and your doctor to care for your needs.

What is a referral?

The doctor will talk to you about your/your child's needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your/your child's doctor is the only one that can give you a referral to see a specialist. If you/your child has a visit, receives services from a specialist without your doctor's referral, or if the specialist is not a Superior provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?

You do not need a referral for:

- True emergency services
- OB/GYN care
- Behavioral health services
- Routine vision services
- Dental services (for children)
- Family planning services

How soon can I/my child expect to be seen by a specialist?

In some situations, the specialist may see you/your child right away. Depending on the medical need, it may take up to a few weeks after you make the appointment to see the specialist.

Does Superior need to approve the referral for specialty medical services?

Some specialist referrals from your/your child's doctor may need approval from Superior to make sure the specialist is a Superior specialist, and the visit to the specialist or the specialty procedure is needed. In these cases, the doctor must first call Superior. If you or your doctor are not sure what specialty services need approval, Superior can give you that information. Superior will review the request for specialty services and respond with a decision. This will not take more than two (2) business days after getting all the needed information from your doctor. Decisions are made more quickly for urgent care.

What is prior authorization? How do I learn more?

Some medical services require approval from Superior. This is called prior authorization. You can learn more about what services require prior authorization by visiting www.SuperiorHealthPlan.com. Click on "For Members" and "Benefits." You can also call Member Services at 1-800-783-5386.

Accessing Specialty Care

How do I ask for a second opinion?

You have the right to a second opinion from a Superior provider if you are not satisfied with the plan of care offered by the specialist. Your Primary Care Provider (PCP) should be able to give you a referral for a second opinion visit. If your PCP wants you to see a specialist that is not a Superior provider, that visit will have to be approved by Superior.

What if I/my child needs to be admitted to a hospital?

If you/your child needs to be admitted to a hospital for inpatient hospital care, your doctor must call Superior to let us know about the admission.

If you/your child receives inpatient services without notifying Superior of the admission, you may be billed for the hospital stay.

Superior will follow your/your child's care while in the hospital to ensure that you/your child gets the proper care. The discharge date from the hospital will be based only on medical need to remain in the hospital. When medical needs no longer require hospital services, Superior and you/your child's doctor will set a hospital discharge date.

If you do not agree with a decision to discharge you from the hospital, you have the right to ask for a review of the decision. This is called an appeal. If this happens, you will receive a letter from Superior that explains Superior's decision to discharge you, and gives your appeal rights. Your appeal rights are also described in this handbook in the appeals section.

What if I/my child go to the emergency room?

If you/your child needs urgent or emergency admission to the hospital, you should get medical care right away and then you or the doctor should call Superior as soon as possible to tell us of the admission.

Superior Health Tip

All children should get at least one blood test to check for lead by the time they turn 2 years old.

Accessing Care - Just for Women

What if I/my daughter needs OB/GYN care?

You can get OB/GYN services from your doctor. You can also pick an OB/GYN specialist to take care of your female health needs. An OB/GYN can help with pregnancy care, yearly checkups or if you have female problems. You do not need a referral from a doctor for these services. Your/your child's OB/GYN and doctor will work together to make sure you get the best care.

Do I have the right to choose an OB/GYN as my Primary Care Provider (PCP)? Will I need a referral?

Superior has some OB/GYN providers that can be your PCP. If you need help picking an OB/GYN, call Superior at 1-800-783-5386.

Superior allows you to pick any OB/GYN, whether that doctor is in the same network as your PCP or not. You/your daughter have the right to pick an OB/GYN without a referral from your PCP. An OB/GYN can give you:

- One well-woman checkup each year.
- Care related to pregnancy.
- Care for any female medical condition.
- Referral to special doctor within the network.

How do I choose an OB/GYN?

You may pick an OB/GYN provider from the list in the Superior provider directory on Superior's website at www.SuperiorHealthPlan.com. Just click on "Find a Doctor." Superior allows you to pick an OB/GYN, whether or not that doctor is in the same group as your PCP. If you need help picking an OB/GYN, call Superior at 1-800-783-5386. If you/your daughter is pregnant, your OB/GYN should see you/her within two (2) weeks of your request. Once you choose an OB/GYN for you/your daughter, you should go to the same OB/GYN for each visit so they will get to know your/your daughter's health-care needs.

If I don't choose an OB/GYN as my PCP, do I have direct access?

If you do not choose an OB/GYN as your main doctor, you can still get most services from a Superior OB/GYN without calling your doctor, or getting approval from Superior. All family planning services, OB care and routine GYN services and procedures can be accessed directly through the Superior OB/GYN you choose.

Can I/my daughter stay with an OB/GYN who is not with Superior?

If your/your daughter's OB/GYN is not with Superior, please call Member Services at 1-800-783-5386. We will work with your doctor so your doctor can keep seeing you, or we will be more than happy to help you pick a new doctor within the plan.

Accessing Care - Pregnant Women and New Mothers

What if I/my daughter is pregnant? Who do I need to call?

If you/your daughter is or might be pregnant, make an appointment to see a doctor. The doctor will confirm if you/your daughter is pregnant or not and tell you/your daughter how to care for the unborn child. Call Superior at 1-800-783-5386 to help you find a pregnancy Case Manager if you/your daughter needs extra care. Superior has special programs for pregnant teenagers and difficult pregnancies.

How soon can I/my daughter be seen after contacting an OB/GYN for an appointment?

If you/your daughter is pregnant, the doctor should see you within two (2) weeks of your request for an appointment.

What other services and education does Superior offer pregnant women?

Superior has a special program to help you with your pregnancy called Start Smart for Your Baby®. This program answers your questions about childbirth, newborn care and eating habits. Superior also hosts special baby showers in many areas to teach you more about your pregnancy and new baby.

Case Management for Children and Pregnant Women (CPW)

Need help finding and getting services? You might be able to get a Case Manager to help you.

Who can get a Case Manager?

Children, teens, young adults (birth through age 20) and pregnant women who get Medicaid and have health problems or are at a high risk for getting health problems.

What do Case Managers do?

A Case Manager will visit with you and then:

- Find out what services you need.
- Find services near where you live.
- Teach you how to find and get other services.
- Make sure you are getting the services you need.

What kind of help can you get?

Case Managers can help you:

How can I get a Case Manager?

Call the Texas Health Steps at 1-877-847-8377 (toll-free), Monday to Friday, 8 a.m. to 8 p.m. To learn more, go to www.dshs.state.tx.us/caseman.

Extra Benefits for Pregnant Women

Superior has even more services for pregnant women! Go to page 35 to find out what you can get to help you have a healthy baby.

Accessing Care - Pregnant Women and New Mothers

Can I choose my baby's Primary Care Provider (PCP) before the baby is born? Who do I call?

You can pick your baby's doctor even before he/she is born. Superior can even help you pick a doctor for your baby. Just call us at 1-800-783-5386.

How and when can I change my baby's PCP or doctor?

As soon as Superior knows you are pregnant, we send you information about your pregnancy and your unborn baby. Superior will ask you to choose a doctor for your baby, even before the baby's birth. This will ensure that your baby's doctor will check the baby while in the hospital, and then take care of your baby's health-care needs after you and the baby are discharged from the hospital.

After the baby is born, Superior is told about your baby's birth. We enter your baby's information in our system. If you have not selected a doctor for the baby before birth, you will be contacted to select a doctor for your baby. After the baby is thirty (30) days old, you can also change the doctor for the baby if you want a different doctor than the one you originally chose.

How do I sign up my newborn baby?

If you are a Superior member when you have your baby, your baby is enrolled with Superior on his/her date of birth. Superior gets information from the hospital to add your baby as a new Superior member, and the hospital will also notify Medicaid about the baby's birth. It is still important that you contact the Department of State Health Services (DSHS) office to also report the birth of your baby. This will ensure the baby's Medicaid enrollment is processed as soon as possible so your baby can get all the health care he/she needs.

Can I change my baby's health plan?

For at least ninety (90) days from the date of birth, your baby will be covered by the same health plan that you are enrolled in. You can ask for a health plan change before the 90 days is up by calling the enrollment broker at 1-800-964-2777. You cannot change health plans while your baby is in the hospital.

How and when do I tell my health plan? How and when do I tell my caseworker?

You should let Superior know as soon as possible about the birth of your baby. We may already have the information about your baby's birth, but call us just in case. We will verify the correct date of birth for your baby with you, and also confirm that the name we have for your baby is correct.

Call your caseworker after your baby is born. You do not have to wait until you get your baby's Social Security number to get your baby signed up.

Where can I find a list of birthing centers?

To find a birthing center close to you, call Member Services at 1-800-783-5386.

How can I receive health care after my baby is born (and I am no longer covered by Medicaid)?

After your baby is born you may lose Medicaid coverage. You may be able to get some health care services through the Texas Women's Health Program and the Department of State Health Services (DSHS). These services are for women who apply for the services and are approved.

The Head Start Program

Head Start is a program offered to many children in Texas. The program provides children ages five and younger with health services and early childhood education that help them get ready for school. Children may qualify for the program based on their family's income. Programs may be held in schools, child care facilities or community agencies. Some of the benefits of Head Start are:

- Education: The program helps many children learn and grow. Early Head Start services are available for at least six hours each day. Head Start preschool services include half-day or full-day programs.
- Home-Based Services: Head Start staff members may visit children in their home and work with parents to be their children's main teacher.
- Health: Health services are provided. These include vaccines as well as dental, medical and mental health services.
- Parent Involvement: Parents of children in the program can be on committees, attend classes or volunteer.
- Social Services: Support may be available to families to find the services they need. This may include nutritional support or other needs.

Enrolling in Head Start

Many children will qualify for Head Start. The children's family must meet income guidelines. A list of guidelines is provided by the U.S. Department of Health and Human Services. Go to www.aspe.hhs.gov to learn more. The children's birth certificate or other form of identification is needed to finish enrolling. There are many Head Start programs in Texas. These programs can be found at <http://eclkc.ohs.acf.hhs.gov/hslc>. Please note that children who enroll in Head Start are required to get a well child checkup within 45 days of enrolling. Call Superior if you/your child need help scheduling an appointment or finding a doctor.

Advance Directives

What are advance directives? How do I get an advance directive?

An advance directive lets you make decisions about your health care before you get too sick. What you decide is put in writing. Then, if you become too sick to make decisions about your health care, your doctor will know what kind of care you do or do not want. The advanced directive can also say who can make decisions for you if you are not able to.

Through this document, you will have the right to make decisions about your health care, like what kind of health care, if any, you will or will not accept. If you sign either of these documents, your doctor will make a note in your medical records so that other doctors know about it.

Superior wants you to know your right to decide so you can fill out the papers ahead of time. These are the types of advance directives you can choose under Texas law:

- Directive to Doctor (living will) – A living will tells your doctor what to do. If you are near death, it will tell the doctor you don't want to get care. In the state of Texas you can make a living will. Your doctor must follow your living will in case you become too sick to decide about your care.
- Durable Power of Attorney for health care – This form gives the person who signs it power. This person can make decisions about your health care if you are not able to.
- Declaration of Mental Health Treatment – This tells your doctor about the mental health care you want. In the state of Texas you can make this choice. It expires three (3) years after you sign it or at any time you pick to cancel it, unless a court has considered you incapacitated.
- Out-of-Hospital Do Not Resuscitate – This tells your doctor what to do if you are about to die. In the state of Texas your doctor must follow this request if you become too sick.

When you talk to your doctor about an advance directive, he or she might have the forms in their office to give you. You can also call Superior at 1-800-783-5386 and we will help you get one.

What if I am too sick to make a decision about my medical care?

All adults in hospitals, nursing homes, behavioral health facilities and other health-care places have rights. For example, you have the right to know what care you will get, and that your medical records will always be private.

A federal law gives you the right to fill out a paper form known as an "advance directive." An advance directive is a living will or power of attorney for health care when a person is not able to make a decision on their own because of their health. It gives you the chance to put your wishes in writing about what kind of health care you want or do not want, under special, serious medical conditions when you might not be able to tell your wishes to your doctor, the hospital or other staff.

Member Billing

What do I do if I get a bill from my doctor? Who do I call? What information will they need?

If you have Medicaid, you should not be billed for any services covered by Medicaid. Please remember to always show your Medicaid ID card and Superior ID card before you see the doctor. If you get a bill from a Medicaid provider, call Member Services at 1-800-783-5386.

When you call, give the Member Services staff:

- Date of service
- Your patient account number
- Name of provider
- Phone number on the bill
- Total amount of bill

Note: If you go to a doctor that is not signed up as a Superior provider, Superior may not pay that doctor and you may get billed for the services. You will need to pay for services not covered by Medicaid. It is your responsibility to determine which services are covered and which are not.

Superior Health Tip

Medicines can be safe if you take them correctly. They can help you get better when you are sick and can keep a health problem under control.

Here are a few tips on how to use medicine safely:

- Read and follow the directions on the label.
- Take the exact amount written on the label.
- Take each dose around the same time each day.
- Use the same pharmacy for all of your prescriptions.
- Don't share your medicine or take someone else's medicine.
- Check the expiration date on the label and don't take it past that date.

Getting Help with Benefits and Services

How will I find out if services are denied or limited? What can I do if my doctor asks for a service for me/my child that's covered by Superior, but Superior denies or limits it?

Superior will send you a letter if a requested service is denied or limited. If you disagree with the decision, you may file an appeal.

When do I have the right to ask for an appeal?

You have the right to appeal Superior's decision if Medicaid covered services are denied based on lack of medical need. Superior's denial is called an "action" or "adverse determination." You can appeal the action if you think Superior:

- Is stopping coverage for care you think you/your child needs.
- Is denying coverage for care you think should be covered.
- Has not paid a hospital bill you think we should pay.
- Limits a request for a covered service.

You, a doctor or someone else acting on your/your child's behalf can appeal an action.

Can someone from Superior help me file an appeal?

A Superior Member Services Advocate can help you file an appeal. Just call 1-800-783-5386.

What are the timeframes for the appeals process?

You will have thirty (30) days from the date of the denial letter to appeal the decision. Superior will acknowledge your appeal within five (5) days of receipt, and complete the appeal within thirty (30) days. This process can be extended up to fourteen (14) days if you ask for an extension. If more time is needed to gather facts about the requested service, you will receive a letter with the reason for the delay.

How can I ask for continuity of current authorized services?

If you are receiving a service that is being ended, suspended or reduced, you must file an appeal on or before the later of 10 days following Superior's mailing of the denial letter (10 days from the postage stamp date on the envelope), or on the intended effective date of the proposed action.

Superior will keep providing the benefits while your appeal is being reviewed, if:

- Your appeal is sent in the needed time frame.
- Your appeal is for a service that was denied or limited, that had been previously approved.
- Your appeal is for a service ordered by a Superior approved provider.

Call Superior at 1-800-783-5386 for more information.

Getting Help with Benefits and Services

Does my request have to be in writing?

You can call us to let us know you want to appeal an action, but you must follow up your phone call with a request in writing, unless an expedited appeal is requested. If you need help, Superior can help you put your appeal in writing.

What is an expedited appeal?

An expedited appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your life or health.

How do I ask for an expedited appeal? Does my request have to be in writing?

You can ask for an expedited appeal by calling Superior's Medical Management staff at 1-877-398-9461. You can also ask for an expedited appeal in writing and send it to Superior's Medical Management staff at:

Superior HealthPlan
ATTN: Medical Management
2100 S. IH-35, Suite 200
Austin, Texas 78704
FAX: 1-866-918-2266

Expedited appeals do not have to be in writing.

Who can help me file an expedited appeal?

Superior's Member Advocate can help you with your expedited appeal. You can also have your doctor, a friend, a relative, lawyer or another spokesperson help you.

What are the timeframes for an expedited appeal? What happens if Superior denies my request for an expedited appeal?

If your appeal is about an ongoing emergency or denial to keep getting a hospital stay, Superior will make a decision about your expedited appeal within one (1) business day. Other expedited appeals will be decided within three (3) days. This process can be extended up to fourteen (14) days if more facts are needed. If Superior thinks your appeal does not need to be expedited, Superior will let you know right away. The appeal will still be worked on but the resolution may take up to thirty (30) days.

Getting Help with Benefits and Services

Can I ask for a state fair hearing?

If you disagree with Superior's final decision, you have the right to ask for a fair hearing. A member can file for a fair hearing at any time during Superior's appeals process. You may name someone to represent you by writing a letter to the health plan telling them the name of the person you want to represent you. A doctor or other medical provider may be your representative. If you want to challenge a decision made by your health plan, you or your representative must ask for the fair hearing within ninety (90) days of the date on Superior's letter with the decision. If you do not ask for the fair hearing within ninety (90) days, you may lose your right to a fair hearing. To ask for a fair hearing, you or your representative should send a letter to Superior at:

Superior HealthPlan
Attn: Fair Hearings Coordinator
2100 S. IH 35 Suite 200
Austin, Texas 78704

You may also call Superior at 1-877-398-9461.

You have the right to keep getting any service Superior denied or reduced, at least until the final hearing decision is made if you ask for a fair hearing by the later of ten (10) days following Superior's mailing of the notice of action, or the day the health plan's letter says your service will be reduced or end. If you do not request a fair hearing by this date, the service the health plan denied will be stopped.

If you ask for a fair hearing, you will get a packet of information letting you know the date, time and location of the hearing. Most fair hearings are held by telephone. At that time, you or your representative can tell why you need the service that the health plan denied.

HHSC will give you a final decision within ninety (90) days from the date you asked for the hearing.
